

CURRICULUM VITAE

KAKINADA PRADEEP CHANDRA

Address: D.NO: 18-35-14/1,
BabuJagajeevanRamnagar Colony,
Pedagantyada, Visakhapatnam Andhra Pradesh.
Email Id :pradeepchandra111@gmail.com
Phone no: +91-7358253763

CAREER OBJECTIVE

To secure a challenging position where I can apply acquired knowledge and skills to strive and excel in the works that are undertaken, there by continuously growing and contributing to the main objectives of the organization.

EDUCATION QUALIFICATION

Degree	Institution	Year	CGPA/Percentage
B.Tech ECE (Honours)	Lovely Professional University Phagwara	2015	8.28
Intermediate (MPC)	NRI ACADEMY Visakhapatnam	2011	96.5%
SSC	St. Francis De Sales School Visakhapatnam	2009	89.6%

TECHNICAL SKILLS

Softwares : Microsoft Visual Studio, ISE Simulator (9.0 version)
Languages: WPF, ASP.NET, Bootstrap, MVC, Html, C#, MySQL, JavaScript
Skills : Application Development, SDLC and Production Support.

CURRENT ORGANIZATION

Company : Cognizant Technology Solutions (Location: **Kolkata**)
Experience : 1 year 10 months (June 30th, 2015 to working still)
Domain : DotNet Technology
Functional Area : Application Programming
Role : Programmer Analyst
Project : Zoetis
Enhancements : Developed applications in various technologies and frameworks like WPF, Asp.net, SQL Server, HTML, CSS, C#, OOPS.

- **CSI(Continual Service Improvement) AUDIT TOOL**

Developed CSI Audit Tool in .NET using WPF, C# , SQL Languages.
Main theme is to generate an excel report from the tool after performing some filter Operations. Here User needs to access the tool with his/her credentials and filter the fields as required and generate an excel report.

- **XML Validator tool**

Developed XML validator tool in .NET using C# language which is useful to read and detect the bugs in any of the XML files .Main theme of validator is to detect single, double quotes which are mismatched and unpaired in xml data files.

- Minor Enhancements in various applications like fixing bugs, adding additional features, controls and functions in DotNet technology applications.

- **IBM Datastage WebSphere(ETL tool)**

Focused on Integration, and Monitoring and Configuration Management.

Learnt how to monitor Jobs, Sequences and its architecture in Director Client.

Also learnt how to fix the job if it fails.

INTERNSHIP

Organization : Rashtriya Ispat Nigam Limited (Visakhapatnam Steel Plant).

June 16th – July 27th, 2014

Description: The project which I have done is based on STUDY OF ISDN PORT EXCHANGE.

In this exchange we studied study about the following main parts such as:

Power Plant, Main Distribution Frame, and Switching System.

The switching system is the heart of any electronic exchange and CORAL FLEXICOM 400 is used for small exchanges in STEEL PLANT. In the switching system we have studied about the control cards and peripheral cards.

PROJECTS UNDERTAKEN

Project : LED display message using Arduino board.

Description : LED-based moving-message displays are becoming popular for transmitting information to large groups of people quickly. These can be used indoors or outdoors. We can find such displays in areas like railway platforms, banks, public offices, hotels, training institutes, nightclubs and shops. Compared to LEDs, liquid-crystal displays (LCDs) are easy to interface with a microcontroller for displaying information as these have many built-in Functions

WORKSHOPS /CERTIFICATIONS/ SEMINARS

Attended to workshop of Imbuient Arm Processor-March 2013

Attended to workshop of Robotics and Automation – October 2013

EXTRA CURRICULAR ACTIVITIES

Participated in : Youth Vibes LPU-October,2013
One World Cultural Fest, Lovely Professional University-2013
ITRRODDD (Social Service).

AWARDS AND HONOURS

First prize : Youth Vibe in Lovely professional university.(Led Display Message)
First prize : Science Fair Exhibition,(steel plant project)-2009
